KABA-SD Mentorship Program Guidelines

1. The KABA-SD Mentorship Program is designed to provide law students with a window to the profession and to help the students better understand the professional legal community. While the attorney(s) may provide guidance about types of practice and job search strategies, the KABA-SD Mentorship Program is not meant to serve recruitment or placement needs. The students have been instructed not to ask the attorney(s) for a job or for assistance with substantive courses or substantive legal issues that arise in course work or other clinical work.
2. Attorneys/mentors should try to meet or speak with their assigned mentee no later than November 15, 2011. Any subsequent meetings or discussions are at the mentor's and mentee's discretion.
3. KABA-SD will do its best to match students/mentees with attorneys/mentors based on common professional interest.
4. I understand and agree to the foregoing guidelines.
